### 10 various rollers available

# Disc harrow GAL-K

## Disc harrow GAL-K

Mandam GAL-K trailers disc harrows are offered at working widths from 4 to 12 m for tractor power ranges between 150 and 500 HP. Models with working widths up to 6 m are available with an integrated chassis placed between the second row of discs and the tillage rollers. Models with widths of 8/10/12 m have a separate carriage with one (8/10 m) or two (12 m) drive axles. Quick replacement maintenance free hubs have a 5-year warranty. They also feature adjustable his solution minimizes the risk of machine clogging. The disc hubs are maintenance-free and have a 5-year warranty (without a limit on the number of hectares worked). As standard, the customer receives a hydraulic folding lock, hydraulic adjustment of the working depth and a hydraulically folded chassis. The machine has plenty of options, such as: 6 types of discs, 10 types of rollers, transport lighting, homologation package, tine screens and more.
