| 17-01-0003 | MEDI 1,60 | 1780 | 970 | 1100 | 40 | 350 | 20/M50   |

## STRONG

| #          | TYPE        | MM   | MM   | MM   | HP  | KG  | PCS/TYPE |
|------------|-------------|------|------|------|-----|-----|----------|
| 17-01-0004 | STRONG 1,60 | 1850 | 1000 | 1200 | 45  | 580 | 16/M10   |
| 17-01-0005 | STRONG 1,80 | 5050 | 1000 | 1200 | 55  | 620 | 18/M10   |
| 17-01-0006 | STRONG 2,00 | 2250 | 1000 | 1200 | 65  | 650 | 20/M10   |
| 17-01-0007 | STRONG 2,20 | 2450 | 1000 | 1200 | 75  | 690 | 22/M10   |
| 17-01-0008 | STRONG 2,40 | 2650 | 1000 | 1200 | 85  | 730 | 24/M10   |
| 17-01-0009 | STRONG 2,60 | 2850 | 1000 | 1200 | 100 | 780 | 26/M10   |

## DOUBLE

| #          | TYPE        | MM   | MM   | MM   | HP | KG  | PCS/TYPE |
|------------|-------------|------|------|------|----|-----|----------|
| 17-01-0010 | DOUBLE 1,60 | 1850 | 1100 | 1200 | 60 | 680 | 16/M10   |
| 17-01-0011 | DOUBLE 1,80 | 2050 | 1100 | 1200 | 70 | 690 | 18/M10   |
| 17-01-0012 | DOUBLE 2,00 | 2250 | 1100 | 1200 | 80 | 730 | 20/M10   |
| 17-01-0013 | DOUBLE 2,20 | 2450 | 1100 | 1200 | 90 | 780 | 22/M10   |

## HYD. D.

| #          | TYPE         | CM   | CM   | CM   | HP | KG  | PCS/TYPE |
|------------|--------------|------|------|------|----|-----|----------|
| 17-01-0014 | HYD. D. 1,60 | 1910 | 1060 | 1010 | 60 | 700 | 16/M10   |
| 17-01-0015 | HYD. D. 1,80 | 2110 | 1060 | 1010 | 70 | 735 | 18/M10   |
| 17-01-0016 | HYD. D. 2,00 | 2310 | 1060 | 1010 | 80 | 770 | 20/M10   |
| 17-01-0017 | HYD. D. 2,20 | 2510 | 1060 | 1010 | 90 | 840 | 22/M10   |

MANDAM flail mowers are perfectly suited for mowing stubble fields on agricultural lands, wastelands, as well as maintaining large green areas such as parks, road shoulders, recreational areas, and farmland plots. These machines have also been designed with efficient mowing of vineyards, orchards, wastelands covered with grass, and small branches located between rows of trees in mind. The cut biomass is then shredded and converted into natural fertilizer, supporting ecological management in orchards and vineyards.

MANDAM flail mowers stand out thanks to innovative technical solutions such as automatic belt tensioning, double-layer housing with anti-corrosion protection, reinforced adjustable support wheels, and height-adjustable skid plates. They feature easy and precise working height adjustment, allowing safe mowing very close to tree trunks and roots without the need to deviate from the tractor's path and without the risk of damaging young seedlings.

Thanks to their perfectly balanced design, these mowers operate stably and with minimal vibration, which enhances operator comfort and machine durability. High build quality and reliability make these mowers an ideal choice for modern farms and entities responsible for green space maintenance.
